DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-17, 19-21, 23 and 25-28 allowed.

2. The following is an examiner's statement of reasons for allowance: Prior art failed to establish a display device comprising an active matrix substrate having a peripheral portion and a driver circuit section comprising a plurality of circuit elements and a plurality of polycrystalline silicon thin film transistors, a counter substrate, a liquid crystal material filled between the active matrix substrate and the counter substrate and an individually wired line array for supplying a clock signal, a data signal or electric power to the plurality of circuit elements in the driver circuit section where the individually wired line array is extended to the peripheral portion of the active matrix substrate where the peripheral portion of the active matrix substrate comprises a multi-layer bus line equipped section having a bus line located on the insulator, the bus line is connected to the individually wire line array via the via hole, and the bus line comprises a connecting terminal for connecting the display device to an external circuit and the insulator is pre-formed resin substrate having a bus line located on a surface and via hole in the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
